

ASK COURT TO OKAY PAYMENT IN DAMAGE SUIT

The Adams County court was asked today to permit settlement of a trespass suit brought by John B. Alwine, Hanover, against John E. Hawn, Conewago Twp., over the death of Alwine's son, Dale, in an accident near Cross Keys May 23.

In a petition to the court, Alwine, who as administrator of the estate of his son brought suit against Hawn as administrator of the estate of his son, Gary F. Hawn, asked that settlement be permitted for \$6,300.

The younger Alwine was a passenger in a car driven by the younger Hawn on May 23 when the auto was involved in an accident. Both youths were fatally injured.

Covered By Insurance

The court set Monday morning at 10:30 o'clock as the time for a hearing on the proposed settlement, which calls for payment of \$1,000 to the parents under a "wrongful death" count and \$5,300 to the youth's estate under the survival count of the original complaint.

In their original complaint the parents had listed hospital and funeral expenses of \$771.65 and loss of income from the 20-year-old son who earned \$40 per week.

According to the petition, the All States Insurance Company offers to pay the \$6,300 settlement plus all costs of the suit.

Other action by the Adams County court Monday included the granting of a divorce to Carrie Zula (Geisler) Starry, 109 Pleasant St., New Oxford, from Richard Roswell Starry, formerly of New Oxford. The couple wed in 1939. Cruel and barbarous treatment was charged.

Mrs. Margaret Horner Scott was appointed tax collector of Highland Twp. to fill the unexpired term of her late husband, J. Hugh Scott, who was elected to a four-year term as tax collector November 5, 1957, and who died December 20. The court made the appointment at the petition of the Highland Twp. supervisors, H. E. Cluck, Samuel T. Kessel and Charles T. Coffelt.

The court appointed Glenn R. Welland auditor of Cumberland Twp. to fill the vacancy caused by the resignation of Edward H. Farr, whose term would have expired January 1, 1964. The appointment was made on petition of a number of residents of the township.

320 May Die Over Holiday

CHICAGO (AP) — The National Safety Council today said that 320 persons may die in traffic accidents over the three-day New Year's holiday weekend.

The council's statement came in the wake of the heavy traffic death toll over the Christmas weekend, which was below its pre-holiday estimate.

A final count showed that 493 persons were killed in traffic accidents in the 78-hour Christmas holiday weekend — from 6 p.m. Thursday to midnight Sunday. The council had estimated a possible toll of 530.

In its New Year holiday estimate, the council said an estimated 285 traffic deaths would be recorded during a non-holiday period of identical length. The count will be from 6 p.m. Thursday to midnight Sunday. An Associated Press survey for a similar 78-hour period earlier this month showed 324 traffic fatalities.

MASONS PLAN TO MARK 100TH YEAR IN APRIL

"Free Masonry is distinctly a minority group, but, if everyone of us as Free Masons would live up to the ideals inculcated in us, the move in society would be tremendous," R. P. Zimmerman, president of the Valley National Bank of Chambersburg, told the more than 200 attending the annual St. John's Day dinner in the cafeteria of the Gettysburg High School Monday evening.

Mr. Zimmerman, a past master of the Mt. Lebanon Lodge No. 226 of the Free and Accepted Order of Masons at Lebanon, charged the Masons with living up to the moral law. "Free Masonry will be pure in the manner in which Free Masons will be pure in their individual lives," he stated. "We would not be true if we did not try to build for a better future for our children who will follow us," he added.

Guests included Claude O. Neckley, past district deputy grand master, Hanover, and William Swisher, Gettysburg, commander of Division 16, Knights Templar, principal of the school of instruction and secretary of the Gettysburg Commandery.

Plans were announced by Charles E. Kuhn, immediate past master, who served as toastmaster, for the 100th anniversary banquet of Good Samaritan Lodge next April 20.

Paul G. Pensinger, district deputy grand master, presented the past master's jewel and apron to Mr. Kuhn. Officers for the coming year and guests from Baltimore, Catonsville, Hanover and New Oxford were introduced.

M. E. PLANTZ, 59 DIES SUDDENLY

Morris Edgar Plantz, 59, a native of Adams County, died suddenly Monday morning at 8 o'clock at his home in Enola from a heart attack.

He was born at Keckler's Hill, a son of the late George and Mary (Stallsmith) Plantz on August 6, 1900.

After engaging in various occupations during his early years he was employed by the Pennsylvania Railroad and numerous contracting firms in Harrisburg. For the last decade he was a contractor specializing in residential construction and alterations. He was also treasurer of the local Deardorff reunions for a number of years.

Surviving are his widow, the former Viola Strausbaugh, whom he married in 1923; seven children, Mrs. Clyde Miller, Lowell, Mass.; Gale, Harrisburg; Mrs. Barbara Anderson, Japan; Mrs. Theodore Thomas, California; George, Mechanicsburg; Daniel and Donald, both of Enola; five brothers and sisters, Mrs. Edgar Weaver, Gettysburg; Mrs. Robert Davis, Altoona; Mrs. Lyburn Cobough, Mrs. Fuller Morley and John H. Plantz, all of Middletown.

Funeral services will be held Thursday in Harrisburg where interment will also take place.

HOLIDAY VISITORS

The pre-Christmas period brought an upsurge in visitations to Gettysburg, the National Park office announced today. Visitation totaled 2,808 during the week ending Saturday the park office said today. On that number 1,428 traveled by car and 1,308 by bus, principally school children traveling during the pre-Christmas holiday period.

U.S. Frees Self To Resume Nuclear Tests After Notice

By DOUGLAS B. CORNELL
AUGUSTA, Ga. (AP) — The United States freed itself today to resume nuclear weapons tests at any time—but with prior notice to the rest of the world.

The decision was reached at a top level conference of 15 administration officials, headed by President Eisenhower.

It put this country in a position to take a tougher stand in negotiations with Russia at Geneva over discontinuing nuclear tests.

Not Without Notice

What the administration did was to begin what a presidential statement called a "period of voluntary suspensions of nuclear weapons tests," beginning Jan. 1. During this period, the President said, the U.S. will "continue its active program of weapon research, development and laboratory-type experimentation."

"Although we consider ourselves free to resume nuclear weapon testing, we shall not resume nuclear weapons tests without announcing our intention in advance of any resumption," Eisenhower said.

Moratorium Runs Out

At the moment the United States is operating under a moratorium on tests which last until midnight Thursday.

It has been in effect for 14 months. The White House said the moratorium was a definite commitment covering a definite time, as distinct from the new "voluntary suspension" which carries no deadline.

Eisenhower accused Russia of cluding the Geneva talks, now in recess until Jan. 12, with "intemperate and technically unsupportable" information. He said the Soviets have injured chances of agreement for a halting of nuclear tests, but this country nevertheless will continue taking part in the discussions.

NEW OXFORD WOMAN DIES SUDDENLY

Mrs. Nita M. Cashman Baker, 76, 9 Hanover St., New Oxford, wife of Dr. Moses H. Baker, died in her car this morning at 10 o'clock after returning to her home from Hanover.

She had been under the care of a doctor for some time.

The deceased was born in the same house in which she resided, the daughter of the late Zlotus H. and Rebecca (Bender) Cashman.

She was a member of Emory Methodist Church, New Oxford, the WSCS and the New Oxford Garden Club.

She lived in Pittsburgh from 1915 to 1950 where Dr. Baker practiced. She was a graduate of West Chester State Teachers College and taught school in the New Oxford-Hanover area for a time. She was the last member of the Cashman family.

Funeral services Thursday afternoon at 2 o'clock from the Fred F. Feiser Funeral Home, New Oxford, the Rev. Amos Meyers officiating. Interment in the New Oxford Cemetery.

Friends may call at the funeral home Wednesday evening from 7 to 9 o'clock.

She is survived by two daughters, Mrs. C. E. Williams, Hyattsville, Md.; Mrs. Agnes Copp, York; a brother, Edgar Powdley, Gardners; a sister, Mrs. Gracie Faber, Carlisle; five grandchildren and eight great-grandchildren.

Thomas George

Thomas George, infant son of Richard and Monica Shaw George, Elizabethtown, died shortly after birth Sunday in St. Joseph's Hospital, Lancaster. In addition to the parents, he is survived by two sisters, Elaine and Andrea Shaw, at home, and the maternal grandparents, Mr. and Mrs. John A. Smith, McSherrystown. Funeral (Continued On Page 2)

Tells Ike's Inquiry Board Union Demands Bar Contract

By NORMAN WALKER
WASHINGTON (AP)—The steel industry said today that union demands for an inflationary settlement have been the block to a steel-labor peace pact.

R. Conrad Cooper, speaking for the industry, told President Eisenhower's inquiry board that instead of reducing wage-benefit demands to keep within the industry's productivity gains, the union has only recently boosted its settlement terms.

Cooper is executive vice president of U. S. Steel Corp. and chief industry negotiator.

"Even More Burdensome"

"The union now, in the face of an urgent need for settlement that would eliminate the economic uncertainties arising from a continuation of the dispute and the possibility of resumption of the nationwide strike at the end of the injunction period, seeks to impose even more burdensome terms of settlement," Cooper said.

"This is the very antithesis of union responsibility and proves beyond question that it is the union's policies and bargaining practices that have been solely responsible for the continuing deadlock."

The management case was laid before a three-man board headed by University of Pennsylvania Prof. George W. Taylor. The panel is gathering data on the steel labor dispute for a report to be submitted to Eisenhower Jan. 6.

The other side of the coin was up at Monday's opening session of the hearing, with the union blaming the industry for the stalemate.

There appeared no sign of a break in the eight-month long deadlock.

Cooper said the employment costs entailed in the industry's latest settlement offer are as high as the companies can go "without inflationary consequences."

He said the industry is seeking a settlement within the non-inflationary realm sought by Eisenhower.

Ask Formal Statement

George W. Taylor, chairman of the inquiry board, asked Cooper to present later a formal statement of the industry's view on the idea of settlement recommendations by third party outsiders. That has been suggested by Secretary of Labor James P. Mitchell.

Taylor recalled that AFL-CIO President George Meany suggested Monday that Taylor's own three-man board make personal recommendations for settlement. Taylor said his group shrinks from that responsibility but possibly some other public body could perform such a function.

The industry repeatedly has rejected suggestions for third party recommendations, on the ground they could only result in an inflationary settlement that the industry is unwilling to take on.

Elks Will Hold New Year's Party

The Gettysburg Lodge of Elks will hold its annual New Year's Eve party at the Elks Home, York St., Thursday evening, with dancing starting at 9:30.

Only Elk members and their lady friends will be admitted. Music will be provided by the Four Kings.

PRODUCTION OF APPLES UP IN COUNTY IN 1959

Commercial production of apples in Adams County is increasing while commercial production of vegetables is decreasing, according to the annual report of County Agent Frank S. Zettie.

"Commercial vegetable production in Adams County has been declining the last several years," Zettie reported. "The important reason for this decline has been better alternatives for land use and declining markets and prices for vegetables. The only major vegetable for processing is produced."

While the vegetable crops have been declining, the increasing fruit production has caused difficulty for growers, Zettie's annual report shows.

Fruitgrowers' Trouble

He wrote: "This year has been one of the difficult years for the fruit grower. With the great amount of young trees coming into production, the yield of fruit in Adams County continues to increase. Growers have not been able to market this large volume of fruit in an orderly manner, particularly in a year such as existed in 1959 where the fruit ripened early. This area is lacking in cold storage capacity and in addition the growers are lacking in the number of containers to handle this large volume of apples."

"On top of this, the insect and disease situation in the county's fruit orchards was quite severe this year, and many growers, in an effort to economize on their spray program, were seriously hurt."

Zettie added: "A great deal of effort needs to be made in the field of quality production along with wise marketing. Growers are also finding it necessary to analyze their overall management practices in an effort to produce fruit more efficiently."

Zettie said that, to help growers operate more efficiently, a study of the cost of producing apples was started this year, the results of which, he held should "be invaluable to growers."

Two Orphanages Share In Estate

Under the will of the late Emma Myers Duttera, Littlestown, probated in the office of the register and recorder, \$300 is to be invested by the Littlestown National Bank for the Mt. Carmel Cemetery Association; \$5,000 is bequeathed to Louise Van Doren McCaul, Scarceland, N. Y.; \$1,000 is to be divided in equal shares to the children of an uncle, Solomon D. Mehning, and \$1,000 is to be divided in equal shares to the children of an aunt, Rebecca Colehouse.

The remainder of the estate is to be placed in trust with the Littlestown National Bank for the Hoffman Orphanage of the Reformed Church and the Tressler Orphan Home of the Evangelical Lutheran Church, Lysville, to assist deserving boy pupils in their education.

In addition various household furniture is bequeathed to relatives and friends of the deceased. Arthur E. Bair and the Littlestown National Bank were named executors of the estate which was estimated "in excess of \$20,000."

DONALD STAUB RESIGNS AS FIRE CHIEF

Fire Chief Donald E. Staub, 33 Queen St., has submitted his resignation as chief, effective immediately. Fire Department President Raymond E. Menges announced today.

Menges said Chief Staub asked to be relieved of the post because of the expansion of his dairy delivery business through the area.

After receiving Chief Staub's letter of resignation Monday, Menges named First Assistant Fire Chief Francis I. Linn, E. Middle St., as acting chief until an election can be held by the fire department at its January 13 meeting.

Re-elected Recently

Staub, recently elected by an

DONALD E. STAUB

overwhelming vote for a third term as fire chief, had been considering withdrawing prior to the election because his routes for the Conewago Dairies take him out of the town for portions of each day and prevent him from being present for all fires and functions.

In his letter to President Menges, Staub said expansion of the routes, which will permit even less time to be devoted to the chief's duties, caused him to decide to retire from the post he has held for the last two years.

A fireman for many years, Staub was elected second assistant chief in 1951 and served in that post for three years. He then served three years as first assistant chief before being named chief two years ago. Under rules of the fire department a chief can serve in that office for only three years.

Active Fireman

Staub attended schools and made special studies of the newest and most modern methods of fire fighting and his years as custodian at the engine house aided him in obtaining a working knowledge of all the equipment owned by the fire department.

Because of his skill as a fireman he was called in several times to teach fire fighting courses for other departments in the county. He has been active in the Adams County Fire Chiefs Association.

Mrs. Fisher, 81, Of Littlestown, Dies

Mrs. Emma Jane Fisher, 81, widow of Ambrose Fisher, 102 Boyer St., Littlestown, died at 2:55 o'clock this morning at the Kuhn Convalescent Home, New Oxford, where she had been a guest for two years.

She was a daughter of the late Levi J. and Mandilla (Mayers) Hahn. Her husband died in January of 1940. Mrs. Fisher was the last of her family and is survived only by cousins. She was a member of the Redeemer's United Church of Christ at Littlestown.

Funeral services Thursday afternoon at 2 o'clock at the Little Funeral Home in Littlestown with her pastor, the Rev. Glenn Flinchbaugh, officiating. Interment in Mt. Carmel Cemetery at Littlestown. Friends may call at the funeral home Wednesday evening.

ESSO GIVES \$5,000 GRANT TO COLLEGE

Gettysburg College has received \$5,000 to purchase chemistry department equipment from the Esso Education Foundation, according to an announcement today by Gen. W. S. Paul, college president.

Grants totaling \$485,000 "to stimulate and improve science teaching at all educational levels" were announced by Eugene Holman, New York, foundation chairman. Fifty-four colleges and universities and six special projects in 25 states shared in the grants.

The program was set up through a \$1,500,000 gift to the foundation from the Standard Oil Company of New Jersey on its 75th anniversary.

The funds were to be expended over a three-year period beginning in 1957 to advance science and engineering teaching, Holman said.

The special science grants have been in addition to other programs of the Esso Education Foundation which has distributed almost \$8,000,000, primarily to liberal arts institutions, since it was founded in 1955, the foundation chairman added.

Kiwanians Buying Clothes For Needy

Purchase of \$75 worth of clothes for needy families was approved at the meeting of the Kiwanis Club Monday evening at Bren-Da's Restaurant, Fairfield Rd.

Approval came following a report by committees showing the need for the clothing and reporting that the club gave out three food baskets to needy families during the holiday season.

The club expressed its appreciation to the public for support in the Christmas Tree sale project and announced that profits from the sale will go into the club's community project fund. Committee reports were given.

Rev. Harry L. Fehl Jr. was in charge of the program. President Robert McCoy presided. The monthly board meeting was held after the regular club session.

Mrs. W. O. Routsong Is Interred Today

Funeral services for Mrs. Pearl B. Routsong, 80, widow of W. O. Routsong, who was a well known Bendersville undertaker, were held this morning at 10:30 o'clock at the Dugan Funeral Home in Bendersville. Her pastor, the Rev. Dr. O. D. Coble, of the Bendersville Lutheran Church, officiated. Interment was made in the Bendersville Cemetery.

The pallbearers were Carl and Glenn Taylor, James Routsong, Robert Orner, Harvey Quigle and Paul Rice.

Mrs. Routsong died early Christmas morning at the Wolford Bible Convalescent Home, near Fountaindale.

TWO MEN KILLED

Electrical shock from downed wire killed two men in New York.

Gale warnings were hoisted along the New England coast. Scores of accidents on perilous highways were reported in the northeastern quarter.

A freeze following 36 hours of rain clogged streets in Detroit. Sleet and freezing rain felled trees and broke power lines in central Michigan. Four University of Washington students were killed when their car crashed into a truck on an icy, foggy road near Eugene, Ore. The victims were bound for the Rose Bowl football game in Pasadena, Calif.

"Hollyday Ball" And Game Tonight

The "Hollyday Ball," this year's Gettysburg High School-Alumni Christmas dance, will be held in the school cafeteria this evening from 9 o'clock until midnight. The annual dance will be held immediately following the alumni-high school basketball game, another annual event.

Music will be provided by the Melo-Tones and admission will be 75 cents per person. Refreshments will be served. The Misses Aurelia and Donna Spence are serving as alumni co-chairmen of the affair.

Additional entertainment will be provided by the student council during an intermission period. Ronnie Frew, general chairman of the high school committees, will serve as master of ceremonies.

HEAVY DAMAGE IN 2 CRASHES ON ROUTE 15

Damage totaled \$4,400 but only one person was injured in two auto accidents north of here on the Harrisburg Rd. Monday.

Damage totaled \$2,240 when an Austin sedan smashed into a tractor-trailer in the Heidlersburg intersection at 10:15 o'clock Monday night.

State police said Bernard Chrimmer, 45, Gettysburg R. 5, driving a tractor-trailer east from Biglerville, halted at the stop sign at the intersection, then pulled out into the Harrisburg Rd. continuing east.

Donald C. Yeiser, 21, Camp Hill, driving north on the Harrisburg Rd. in his new English car, found the tractor-trailer pulling into his path, braked, but his car skidded into the side of the larger vehicle.

Damage was estimated at \$2,200 to the English make auto which was demolished, and at \$40 to the tractor-trailer.

Police said there were no injuries in that crash.

Easton Man Hurt

J. Glenn Bragg, 70, Easton, suffered a bruised right hand but did not seek immediate medical attention in an accident six miles north of here on the Harrisburg Rd. at 12:35 o'clock Monday afternoon.

State police said Bragg was driving north and sought to pass another automobile. His 1958 car smashed another head-on into a southbound auto operated by Frank H. McCauslin, 73, York Springs R. 1, according to the officers.

Damage was estimated by police at \$800 to Bragg's sedan and at \$1,400 to McCauslin's 1959 auto.

SAYS CASTRO NOT ACTING AS SANE MAN

NEW YORK (AP)—An American reporter recently imprisoned 14 days in a Cuban jail expressed the opinion today that Prime Minister Fidel Castro's actions lately have not been those normally expected of a sane man. But he shied away from using the term psychopath.

The reporter, James Buchanan of the Miami Herald, gave his views during an interview by Dave Garraway on the National Broadcasting Co. television show "Today."

Buchanan also asserted that there is Communist influence behind the Castro administration's programs.

Buchanan, who has written about Cuban affairs for several years, said at first he was "sold 100 per cent on his (Castro's) desire to free Cuba from the Batista tyranny."

But now, he continued, "the people are losing their civil liberties, their right to live... everything Fidel promised them."

JOBLESS PAY LAW SIGNED

HARRISBURG (AP)—Gov. Lawrence today signed into law an increase in workmen's compensation benefits effective Jan. 30.

Maximum weekly benefits for total disability would jump from the present \$37.50 a week to \$42.50. Partial disability cases would receive a \$5 increase to a new top of \$32.50.

In addition, it boosts the compensation to dependents in the case of death of an employee by an average of 13 1-3 per cent.

Allowable funeral expenses after the death of a worker on the job would go from \$425 to \$500. If an employer is in default for more than 30 days in paying these expenses, an employer's family will now be able to go to court.

Lawrence cut back from \$75,000 to \$15,000 an appropriation for the so-called second injury reserve fund. The fund is set up to permit injured workers to make a second claim from the state upon a second injury. Employers are required to take out insurance to cover workmen's compensation claims.

MERIT SYSTEM "NOT ENOUGH"

HARRISBURG (AP)—Merit ratings are "not good enough to use as a sole measuring rod of teaching service," an educator told his colleagues Tuesday.

"Used with caution, they are one source of evidence among many," said B. Anton Hess, regional superintendent of Central Bucks County Schools, Doylestown.

"As soon as one grants a thesis there is a differential in quality and that this quality if measurable, he must immediately face the more difficult decision of how this differential is to be recognized."

Before any school district adopts such a system, however, it first should have a basic salary scale, the system must be accepted by the staff and there must be no percentage restrictions on qualifying teachers for merit pay increases, he added.

Hess spoke to a meeting of secondary school teachers, one of a round of meetings opening up the second day of the 107th annual Pennsylvania State Education Assn.

OFFER MAY 16 FOR SUMMIT

AUGUSTA, Ga. (AP)—The United States, Great Britain and France formally proposed to Russia today that the four powers open a summit conference in Paris May 16.

The next move is up to Soviet Premier Nikita S. Khrushchev. White House press secretary James C. Hagerty said there has been no indication yet whether the new date is acceptable to the Russian leader.

Word of the Allied decision on summit timing was an ill-kept secret in numerous world capitals.

The Western powers agreed on May 16 a day or two ago, but they withheld an actual announcement until they could notify Khrushchev.

This was done in similar diplomatic notes, delivered in Moscow today, from President Eisenhower, Prime Minister Harold Macmillan of Britain and President Charles de Gaulle of France.

HUGH O'BRIAN TO TAKE ROLE ON N. Y. STAGE

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—Consider the plight of Hugh O'Brian, an actor who for five years has been eating regularly. Albeit carefully, because he doesn't want to outgrow Wyatt Earp's pants.

Hugh has become famous playing a frontier marshal in television, yet he is spending a precious vacation in New York rehearsing long hours to take over the leading role in a Broadway musical, "Destry Rides Again," for one week.

"Sure," says O'Brian, "it's hard work. But it is also a big challenge. I'm an actor and I love my work. And every actor who loves his work wants to do a stage show."

In Role Of Sheriff

What O'Brian is interested in demonstrating, or course, is that he can play a part other than Wyatt Earp. The TV series has been doing nicely for five years, but O'Brian doesn't want it to be his life's work.

He goes into "Destry" for the week of Jan. 4—but he will be playing a role not unlike his more famous one. Destry is a Western sheriff who likes to solve his problems with his brains instead of his gun. O'Brian contends that is often true of Wyatt.

"Actually," he insists, "there isn't a shot fired in many of our shows. Lots of time we resolve things without a showdown. Often we stay on the right side of the fine line that divides action from violence."

Murrow Show Funny

Edward R. Murrow's "Small World" last week was a funny, witty and lively discussion on a tired old subject: Whither Women? Malcolm Muggeridge, the British editor whose stock-in-trade is the outrageous statement, was put to flight by two sharp-tongued women writers, Han Suyin and Lesley Blanch.

It was high-spirited, pretty sophisticated talk and thoroughly stimulating.

Time Names Ike Man Of The Year

NEW YORK (AP)—Time magazine today named President Eisenhower its Man of the Year for 1959.

The magazine said the President "towered as the world's best-known, best-liked citizen" after his trip to Europe, Asia and Africa.

Time's editors choose each year the man or woman who "dominated the news of that year and left an indelible mark—for good or ill—on history."

The magazine selected Eisenhower once before—in 1944.

WILL REOPEN ARMS TALKS AT GENEVA

By A. I. GOLDBERG
MOSCOW (AP)—The Soviet Union and four Communist neighbors will reopen long-suspended East-West disarmament talks with five Western nations in Geneva March 15.

The Soviet Union Monday night agreed to the starting date proposed by the five Western nations—the United States, Britain, France, Canada and Italy.

The Soviet reply, handed to French Ambassador Maurice Dejean, said Bulgaria, Poland, Czechoslovakia and Romania would be the other four Communist nations at the table.

Suspended in 1957

Disarmament talks sponsored by the United Nations have been suspended since September 1957 because of Soviet refusal to participate in negotiations in which the Communists did not have numerical representation equal to the West. The U.N. subcommittee which carried on previous negotiations was made up of the Soviet Union and four Western nations—the United States, Britain, France and Canada.

Following a series of unsuccessful attempts to get the talks going again, the U.S., British and French foreign ministers agreed at the Geneva Big Four conference last September to give the Reds an equal number of places at the conference table.

The new talks will not be sponsored by the U.N., a fact which caused considerable concern among the smaller nations at the last U.N. General Assembly. But the Assembly finally agreed to go along with the big powers and referred all disarmament proposals before the assembly to the 10-nation group.

CONCORD, N.H. (AP)—New Hampshire backers of Gov. Nelson A. Rockefeller of New York, left without a candidate by their man's decision not to run, say they expect to support the Republican presidential nominee in 1960.

The Rockefeller-for-President committee issued their decision Monday night without specifically mentioning Vice President Richard M. Nixon.

WAR CRIMINAL DIES IN SPAIN

MADRID, Spain (AP)—Dr. Ante Pavelic, 70, quisling president of Croatia during World War II and one of the leading war criminals still at large, died Monday in the German hospital here. He was 70.

The death was reported by Madrid newspapers and confirmed by the municipal funeral service, which said it had taken the body to the morgue of San Isidro Cemetery. It declined to say when funeral services would be held.

Pavelic was wanted by President Tito's Yugoslav government for trial on charges that he was responsible for the killing of 700,000 Serbs and Jews during his 3½ years as the Axis viceroy.

He fled Yugoslavia in May 1945, and turned up in Argentina later in the year.

He was wounded in an assassination attempt in April 1957 which he blamed on agents of Tito. A short time later, Argentina agreed to consider a Yugoslav extradition request and Pavelic fled again.

The Soviet reply, handed to French Ambassador Maurice Dejean, said Bulgaria, Poland, Czechoslovakia and Romania would be the other four Communist nations at the table.

EMMITSBURG GIRL IS WED CHRISTMAS EVE

Elias Evangelical Lutheran Church, Emmitsburg, was the scene December 24 at 7:30 p.m. for the wedding of Susan Jimima Daugherty, daughter of Mr. and Mrs. Robert E. Daugherty, Emmitsburg, and Clarence Leslie Ancarrow, Emmitsburg, son of Mrs. Irene Wienarsky, Camden, N. J. The double ring ceremony was performed by the Rev. Philip Bow-

MRS. ANCARROW

er in front of an altar flanked with white chrysanthemums and red poinsettias. Miss Ruth Shuff, organist, played Christmas music prior to the ceremony and "O Perfect Love."

The bride, given in marriage by her father, wore a candlelight embroidered taffeta cocktail length gown in the princess line. She carried a bouquet of white carnations and holly.

Miss Susan McGlaughlin, Emmitsburg, was maid of honor. She wore a gown of Christmas red embroidered taffeta styled as the bride's. Her bouquet was of red carnations and holly.

Reception Held

Robert Eiker, Emmitsburg, cousin of the groom, was the best man. The ushers were Alfred Hahn and Louis Smith, both of Emmitsburg.

The mother of the bride chose a street length sheath of brown Italian lace over red taffeta with brown and red accessories and a red carnation wrist corsage. The groom's mother wore a street length two piece brown lace cocktail suit with pine green accessories and a red carnation corsage.

A reception followed the ceremony in the Lutheran parish hall. Mrs. Louis Smith cut the cake. For her wedding trip to an undisclosed destination, the bride chose a sapphire blue dress and coat with matching accessories. The couple will reside with the bride's parents.

Bride Is Student

The bride is a graduate of Emmitsburg High School with the class of 1959 and is a student at the Maryland Medical Secretarial College in Hagerstown.

The groom is a graduate of Emmitsburg High School with the class of 1957 and is employed at Tresselt commercial goldfish hatchery, Thurmont.

Out-of-town guests were from Frederick, Hagerstown, Thurmont and Camden, N. J.

Four Bowl-bound Students Killed

EUGENE, Ore. (AP)—Four University of Washington students, bound for the Rose Bowl football game at Pasadena, Calif., died early today in a crash on a icy, foggy highway.

Their automobile slammed into a tank truck and trailer that had jackknifed into the wrong lane on two-lane U. S. 99, five miles north of here.

A fifth occupant of the car was brought to a hospital here with serious injuries.

The dead: Derwood Burr Nordin, 23; Myra Lee Taylor, 21; Evelyn Joy Simmons, 20, and William Robert Moser, 22. Seriously injured was Barbara Jean Hill, 21.

The FFA named the winners Monday.

SCIENTIST IS FOUND DEAD

PASADENA, Calif. (AP)—Konrad Walter Hubele kept an appointment book. In it, he detailed in diary form how he treated himself for a terrible disease, multiple sclerosis.

But the book did not hint at his early appointment with death. And, after two days, authorities still have not determined just why the 28-year-old biochemist died.

Hubele, a Caltech graduate student from Germany, was found dead Sunday in his car, parked in freezing temperatures outside a mountain cabin in Angeles National Forest. The book lay beside him.

There was no indication of suicide and sheriff's deputies thought he might have frozen to death. An autopsy Monday did not show whether this was the case or whether he might have died of an over-injection of medicine.

The coroner's office has ordered a laboratory examination of vital organs.

Rains Help Move Thick Penna. Fog

By THE ASSOCIATED PRESS

Heavy rains whipped in by high winds dispelled dense fog which for two days shrouded most of Pennsylvania, crippling travel on land and water and in the air.

The fog, which was at its worst in the eastern part of the state and neighboring areas, moved in Saturday night and did not lift until Monday night.

It was described by weathermen as one of the worst and longest lasting fogs in this region in many years.

Fringe Benefits Top Wage Hike

PITTSBURGH (AP)—More fringe benefits rather than a direct wage hike are desired by United Steelworkers in Pittsburgh, a study indicates.

Dr. Ludwig A. Wagner and Dr. Theodore Bakerman of Duquesne University's Business School made the survey financed by the Ford Foundation.

Of 300 USW members voting, more than 92 per cent preferred the fringe benefits, the professors said. Pensions ranked at the top of the desired benefits.

Rule Knox Coal Owes Back Wages

SCRANTON, Pa. (AP)—The federal government says the Knox Coal Co. owes 172 former employees \$12,294 in back wages.

In an information filed Monday in Federal District Court U. S. Atty. Daniel H. Jenkins also named as defendants Robert L. Dougherty, Knox president until 1958, and his successor, Louis Fabrizio.

The offenses listed under the Fair Labor Standards Act were: failure to pay proper overtime and minimum wages; failure to keep proper records, and falsification of records.

The government's claim from April 1957 to January 1959 is based on a 40 hour week.

DETROIT (AP)—Tricky Dick McGuire, newest of Brooklyn's coaching McGuire, becomes a man with a single mission as coach of the Detroit Pistons, one of pro basketball's most perilous jobs.

"Develop the Pistons' teamwork, that's all we ask," McGuire was told when named coach of the National Basketball Assn. club Monday night. McGuire succeeded Red Rocha, who was fired in a sudden move by the Pistons' executive board. McGuire is playing his 11th NBA season.

CHEYENNE, Wyo. (AP)—The Green Bay Packers aren't going to be the doormat of the National Football League any longer the loop's rookie of the year said today.

Boyd Dowler, a 6-5, 220-pound end and flanker back, predicted the resurging Packers would be in the thick of contention for the 1960 pro grid championship.

Dowler, who was converted from a collegiate passing star at Colorado University to an adept pass-snagging end in the pro circles, expressed surprise when told he'd been named the league's outstanding first-year player.

CINCINNATI STILL LEADS COURT TEAMS

By THE ASSOCIATED PRESS

Big O and Co., formally known as Oscar Robertson and Cincinnati, still top the nation's college basketball teams in the weekly Associated Press poll of sports writers and sportscasters.

The voting was conducted over the weekend, so the results of Monday's tournaments were not a factor. Robertson had solidified Cincinnati's position by scoring 47 points in Cincinnati's 96-56 rout of St. Bonaventure in Saturday's first round of the ECAC Holiday Festival.

Cincinnati drew 57 of the 103 first place votes. West Virginia received 27, California 14 and Utah five. In the point total, Cincinnati led West Virginia 932-879.

W.Va. Edges Up

West Virginia, idle last week, edged a bit closer to Cincinnati in the balloting despite Cincinnati's triumph over Bradley and St. Bonaventure. West Virginia, with All America Jerry West, is competing in the Los Angeles Classic with such other high-ranked teams as California and Illinois.

California was rated No. 3 in the voting, moving up on its victory over Michigan State. Utah advanced two pegs to the No. 4 position by handing Ohio State its first defeat and also knocking off the College of the Pacific. But the Utes lost 63-52 to Duke last night in the Dixie Classic at Raleigh, N.C.

Ohio State drew solid backing and ranked fifth. There was a wide gap between Ohio State and sixth-place St. Louis which defeated Kansas and Creighton during the week. They have an important date Saturday with Bradley.

Close behind seventh-place Indiana came Illinois, which took a perfect 5-0 record into the Los Angeles tournament.

Bradley tumbled from fifth to ninth after its defeat by Cincinnati and Georgia Tech slid from eighth to tenth after Southern Methodist knocked it from the unbeaten ranks.

The top ten, based on 10 for a first place vote, 9 for seconds, etc. First place votes in parentheses.

1. Cincinnati (57)	932
2. West Virginia (27)	879
3. California (14)	675
4. Utah (5)	576
5. Ohio State	537
6. St. Louis	303
7. Indiana	213
8. Illinois	201
9. Bradley	180
10. Georgia Tech	103

THE SECOND TEN:

DALLAS GETS GRID FEVER

DALLAS, Tex. (AP)—Football fever was rising here today as the time neared for 103 young huskies to move in for the twenty-third Cotton Bowl game.

Texas and Syracuse both come to town Wednesday—Texas from its Austin, Tex., base and Syracuse from Houston, where the Orangemen went to train with favorable weather as the lure.

Syracuse flies in at 10:01 a.m., with 69 in the party. There will be only 50 football players, however. Texas, 53 players strong, flies in four hours later.

Each team will be anxious to hold a workout on Dallas soil. Syracuse at the high school stadium and Texas at Ownby Stadium, the Southern Methodist University field.

Syracuse will find itself a 12½-point favorite to win its first bowl game in four tries. Texas will be seeking to defend one of the best post-season records. The Longhorns have won five, lost two and tied one in eight attempts.

Youth Killed In Auto Crash

WEATHERLY, Pa. (AP)—An 18-year-old boy was killed and three other youths injured Monday when a car carrying six teenagers crashed into an embankment in fog five miles west of here.

Robert Pate, of Salem, Ohio, was dead on arrival at Mercy Hospital in Wilkes-Barre.

Taken to the same hospital were: Karen Keiper, 15, driver of the car, of White Haven, Pa. cuts and bruises; Dan Pike, 18, also of White Haven, fractured right collar bone, and William Schrock, 18, of Ripley, N. Y., abrasions.

FIFTY YEARS AGO

Canning Plant Closing Season:
Working night and day for the past few months, the Musselman Canning Company of Biglerville is now on its home stretch in the work of canning 63,000 bushels of apples which were purchased for this year's season. The plant will be kept in operation for three more weeks until the apples are all canned and ready for shipment.

Many carloads of the canned fruit have already been shipped to distant points, among them, New York, Newark, Buffalo, Chicago, St. Paul, Minneapolis, Jacksonville and many other cities. The larger part of the output is used by pie bakers.

The plant is one of the most interesting in Adams county and has been visited by many persons during the season now closing. The number of people employed can be learned when it is known that the payroll every two weeks has amounted to over \$900.

Blocked Roads Follow Snow:
Going contrary to all the expectations of the weather wise, the elements let loose on Christmas and the proverbial "White Christmas" was the order of the day. Snow started to fall about seven o'clock in the morning and continued all day until evening.

The air was clear and cold and the day was a typical and ideal one for the great annual church holiday. The snow fell rapidly and it was but a short while after it first started to fall until everything was covered.

Sunday northwest winds blew and the light snow was whisked around at a lively rate causing big drifts all over the county.

Airship Passes Over Gettysburg: A number of Gettysburg people who were out with the early birds on Friday morning tell of seeing a huge aeroplane flying rapidly over town in a north-easterly direction.

The airship was seen by a number of Western Maryland railroad men and some of the residents of town also claim to have seen it. They said the machine was flying high and fast and that it had a tail. Some thought it was a balloon but the tail mentioned evidently indicates an airship.

Where the machine came from, or where it was going is not known. There has been nothing in city or nearby papers to give any clue whatever to Gettysburg's early morning airy visitor.

Upper End Will Have Big Parade: The biggest New Year's Day event in the history of the upper end of Adams county has been arranged for Saturday when a big fantastic parade with bands and other features will take in the towns of Arendtsville, Biglerville and Bendersville on their route.

The parade has come to be an annual affair but this year's event promises to be far ahead of any yet held. Three bands will be in line and several hundred mounted mummies.

The people participating in the affair are to meet at Brysonia at 9 o'clock in the morning and then will proceed to the crossroads North of Arendtsville where the parade will form, leaving promptly at half past ten in the following order: Marshals and aides, Bendersville Band, P.O.S. of A. of three towns, Biglerville Band, Arendtsville Knights of Pythias, Uncle Sam, Arendtsville Clown Band, General Participants.

The route of the parade will lie through Arendtsville to Biglerville to Bendersville. All business places will be visited by the merry makers and a gay time is promised. Costumes unique and handsome are being prepared for the event and a pageant far surpassing anything yet held in the upper end is promised. The chief marshals are Oscar Rice and Charles Raffensperger. Their assistants are Ernest Hartman and Ernest Knouse.

St. John's Night Annual Banquet:

Today's Talk

THE TIME TO GIVE UP

Everybody experiences the desire to quit, to give up, at one time or another. It is a natural, human reaction. But it takes a very wise man to know exactly the time to give up.

The greatest minds of history have touched their experience to the problem. Although it has never been published in so many words, every great thinker of the ages has left his opinion as to the best time to give up.

Here it is: The time to give up is — NEVER!

For, you see, if any of the wise heads of the world had decided as to the best time to give up, they wouldn't have gone down into history as wise heads at all.

Thomas Edison freely admitted that he had tried out thousands of experiments working toward a single idea or invention, yet nobody never heard him say he had ever given up on one of them.

But if there were a time when one should give up, that time certainly would not be when everything looked darkest. Sir Winston Churchill didn't give up in time of crisis. In 1940 he made his celebrated speech in which he said, "I have nothing to offer but blood, toil, tears and sweat."

I prefer a democracy to a monarchy. But I like the word "king." King comes from two words meaning "able man." Able men never give up. To say it differently, "the king is the man who CAN."

Tomorrow Mr. Adams will talk on the subject: "Learn to Talk." Protected, 1959, by The George Matthews Adams Service

Just Folks

YOU

You are the master of yourself, you tell yourself how far to go;

You hold the throttle of your power, you make your schedule fast or slow;

You bid yourself to toil or rest, you choose the joys you wish to claim,

And you determine just how much of strength you'll spend to win a game.

The whistle blows at quitting time, but you command yourself to quit;

You either choose to drop the task or stay right there and finish it.

Success from distant mountain tops holds out her joys for you to gain,

But you decide how hard you'll fight those splendid glories to attain.

You bow to fate or conquer all the obstacles that bar your way;

You make the choice 'twixt good and ill, you make the choice 'twixt toil and play;

You say how much or little here you'll do for glory or for self;

From manhood to the silent grave you're slave or master of yourself.

The annual banquet of Samaritan Lodge 336 Free and Accepted Masons took place in the Eagle Hotel Monday evening, St. John's night. About seventy-five members were present.

Prior to the banquet a meeting was held in the lodge room and the following officers installed: Worshipful Master, Dr. James P. Dalbey; Senior Warden, Robert E. Wible; Junior Warden, Charles W. Myers.

Charles S. Duncan was toastmaster, and the following toasts were responded to: "Good Samaritan Lodge," William T. Ziegler; "The Beauties of Masonry," Rev. Joseph B. Baker. The Walter Theater orchestra furnished the music during the banquet.

Dr. Hefelbower Has Resigned: At the meeting of the Gettysburg College Board of Trustees in Harrisburg on Tuesday, President S. G. Hefelbower tendered his resignation to take effect in June.

Dr. Hefelbower in resigning said that he had not sought the office and that he did not want it now. He said that he had adopted an educational policy which he thought had been carried forward in such a way that it would not be reversed by his retirement.

A committee reported that the interest bearing debt of the college was over \$41,000 when Dr. Hefelbower was elected and had been reduced to \$30,000 and that all expenses had been met, even though the country was in a state of financial depression during a portion of the term.

The increased number of students received favorable comment.

PA. Construction Highest Since '55
HARRISBURG (AP)—The estimated dollar value of proposed construction in Pennsylvania for the first 11 months of this year has exceeded that of any comparable period since 1955, the State Labor and Industry Department reported Monday.

The volume of approved new construction for the period was estimated at \$740,727,000, or 12.4 per cent more than the total estimated for the same period in 1958, and 4.3 per cent above the 1957 period.

However, the estimate for November of this year was 14 per cent lower than the previous month, the department said.

The November estimate was \$51,581,331 as compared with \$60,060,042 in October. The figure also was lower than the \$52,607,199 estimate for November 1958.

Steel Strike Is Called Top News Story In Pa. In 1959; Sales Tax, Mine Disaster Next

By THE ASSOCIATED PRESS

The steel strike was chosen the No. 1 Pennsylvania story of the year in the Associated Press annual poll of Pennsylvania editors.

Great reader interest in taxes, jobs and the economic climate was reflected in selection of the top 10 Pennsylvania stories of 1959.

Among the strictly spot stories of accidental disaster, crime and tragedy, only the Allegheny Airlines plane crash at Montoursville made the top five.

Sales Tax Second
The increased state sales tax was considered the second most interesting story, while the Knox Coal Co. mine disaster at Port Griffith, with its adverse effect on the economy of the anthracite region, was third.

Each AP member newspaper and radio and television station had one vote. Here's how they ranked the other stories in this order:

(4) The battle in the Legislature over the record state budget; (5) the Allegheny Airlines plane crash at Montoursville; (6) the Sunday Blue Law; (7) the propane gas truck explosion at Schuylkill Haven; (8) the November elections; (9) the western Pennsylvania floods; and (10) the Philadelphia who fired into the dining room of an old age home, killing two.

Widespread Effects
Two of the stories, the steel strike and the mine disaster, were still unresolved at year's end.

The heart of the steel industry is in Pennsylvania, and thousands of Pennsylvanians were affected when the steelworkers struck on July 15.

The strike lasted 116 days before the men were ordered back under a Taft-Hartley injunction which expires next month. The impact on the Commonwealth was counted in thousands out of work and millions of dollars. Many of the 500,000 strikers and 300,000 employees laid off in allied industries live and work in the Keystone State. Savings dwindled and unemployment compensation payments amounted to several million.

12 Lost Lives
The Knox Coal Co. disaster dealt the Wyoming Valley of northeastern Pennsylvania a blow from which it might never recover. On Jan. 22, after an unseasonable thaw and a heavy rainfall, the turbulent Susquehanna River punched a hole in its bed and flooded a mine 30 feet beneath the river.

Forty-five miners were trapped in the Knox Company's River Slope Mine when the water poured in. Thirty-three finally made their way out through an air hole. Twelve miners were lost and their bodies never recovered.

The state Legislature investigated. So did state and federal mine department officials. Seven men were indicted on manslaughter charges. Another result was new mine safety laws, signed this month by Gov. David L. Lawrence.

Weather In Big Role
The western Pennsylvania floods were caused by the same weather that brought on the mine disaster. On January 23 and 24, French Creek and the Shenango River went over their banks, flooding low areas of Meadville, New Castle and Sharon. Meadville was hardest hit because of an ice jam in French Creek which formed a dam near the town.

Four thousand residents in the city of 25,000 fled their homes. Ice chunks damaged buildings and littered streets. The danger of more floods continued until Feb. 8, when Army engineers finally managed to break the ice jam with TNT blasts. As late as Feb. 5, 3,000 persons were still unable to return to their ice-encrusted homes.

The sales tax and budget battles resulted from Gov. Lawrence's record \$1,826,000,000 budget and the tax money needed to balance it.

Sales Tax Extended
Lawrence originally proposed a \$1,907,000,000 budget. The Republican-controlled Senate set out to cut 100 million dollars. The Senate finally knocked off 50 million and the deficit from the Lawrence administration was reduced by 36 million to produce the final budget.

The House, controlled by the Democrats, generally went along with Lawrence's tax proposals, but the Republican-controlled Senate rejected many of them.

In April, the sales tax went from 3 to 3½ per cent and was extended for the first time to electric power bills, telephone tolls, utility maintenance equipment and service charges. For four months the Sen-

ate insisted on a 4 per cent tax. Lawrence finally gave in, also agreeing to extend the tax to soft drinks, liquor and beer.

Blue Laws, Too
When all the tax laws were completed, they added an estimated 348 million dollars to the bill Pennsylvanians will pay for the two year fiscal period ending May 31, 1961.

When they weren't discussing taxes, the state's legislators were spending a good deal of time talking about the Blue Law. They finally decided to stiffen the 1939 law. In the fall an amendment was passed banning certain items from sale on Sundays and greatly increasing the fines for violating the law.

The bill was aimed primarily at curtailing the Sunday business of the large discount houses opened in recent years. These stores immediately challenged the constitutionality of the law. Enforcement was put off until a special federal court ruled on the issue. On Dec. 1 the court said the law was constitutional. The case has been taken to the Supreme Court. Meanwhile, arrests are being made each Sunday. But until the high court rules, enforcement will probably continue on a low key.

Election In Top 10
The November election made the top 10 list despite only two statewide posts being at stake—for Supreme and Superior Court seats. But the significant item was the size of the Democratic victory in Philadelphia. Mayor Richardson Dilworth won a second term by more than 200,000 votes over Republican Harold Stassen and carried Democrats into every city post available to the party.

Only one crime story made the top 10: the unemployed handyman who fired through a door into the crowded dining room of the Up-town Home for the Aged in Philadelphia. His shotgun blasts killed two elderly men and wounded five more. They had been eating breakfast on the morning of Aug. 6 when Krylo Czupiruk, 55, began shooting. Police exchanged several hundred shots with Czupiruk before they wounded and captured him in his apartment next door to the old age home. He recovered, was declared criminally insane, and sent to an institution.

The explosion of a tanker truck loaded with propane gas was a terrifying tragedy. The truck caught fire after a collision near Pottsville on June 2. Spectators gathered to watch firemen fight the blaze. Suddenly the truck exploded, hurling steel and flaming gas hundreds of feet. Eleven were killed, including 10 bystanders and one fireman.

The year was nearly over when a two-engine Allegheny Airlines plane groping for a landing in snow and fog hit Bald Eagle Mountain. The plane had just turned to make a second approach to the Montoursville-Williamsport Airport on the morning of Dec. 1. Twenty-five persons were killed. The only survivor is recovering today from severe burns.

BIKE RIDER IS INCINERATED BY PLANE TANK
TUCSON, Ariz. (AP)—A woman riding a bicycle died in a pillar of fire Monday when a B47 fuel tank fell like a bomb and exploded.

The victim was June A. David, 32-year-old mother of two boys.

Officer Clifford Smith said the woman was sucked into a fiery column that shot 250 to 300 feet high. Her incinerated body was found 30 to 40 feet from the bicycle.

The tank, laden with 1,750 gallons of fuel, fell as the plane rose from Davis-Monthan Air Force Base. Smith said it exploded on impact and spread a fiery carpet 675 feet long and 352 wide.

Even as a probe began, Air Force investigators praised the pilot for averting a greater tragedy. They said Capt. Donald R. Shilling, commander of the four-man crew, kept the fuel tank from falling in a densely populated Tucson suburb only by putting the plane into a steep bank.

GIVEN NINE YEARS
PHILADELPHIA (AP)—Joseph Stuchko, 29, was sentenced to 9 to 18 months in Holmesburg County Prison Monday after he was found guilty of manslaughter in the fatal beating of his wife.

Stuchko admitted beating his wife, Margaret, 26, during a quarrel over money on Dec. 3, 1958. She died four days after being released from a hospital December 20.

MRS. LAWRENCE PATIENT
PITTSBURGH (AP)—Gov. Lawrence's wife is undergoing a routine checkup at Woman's Hospital in Pittsburgh, says Dr. Campbell Moses, her physician.

He said Mrs. Lawrence, admitted Monday, should be out of the hospital in a few days.

Family Of Four Is Found Dead

CHEYENNE, Wyo. (AP)—Carbon monoxide fumes from a rusted out chimney flue asphyxiated four members of a Cheyenne family whose bodies were found Monday, coroner Marvin Schrader said.

The bodies were found when the employer of Audrey Mae Brandell, 28, decided to find out why she hadn't reported for work Sunday afternoon. She was a waitress.

Mrs. Brandell and one son, Richard, 4, were found in their beds. Her husband, Robert E., 32, a bus driver, and another son, Robert Dean, 7, were found sprawled on the bedroom floor.

9 NON-UNION MEN FREED IN ARMS ACCIDENT

ALBERT LEA, Minn. (AP)—No charges are being filed against nine non-union workers in whose cars weapons were found as they arrived to reopen the Wilson & Co. meat packing plant here Monday.

The workers were held in jail until O. Russell Olson, Freeborn County attorney, ruled Monday night that they could not be charged with contempt because they had not been officially served with a district court order barring firearms near the plant.

"The nine were jailed after National Guardsmen under direction of Sheriff Everett Stover discovered the guns during inspection of the cars of 200 workers entering the plant."

"Benefit Of Doubt"
"I have decided the benefit of doubt must be given these men and no statutory criminal action will therefore be taken," Olson said. He warned future violations would bring action.

Other than the finding of the weapons, the reopening was without incident. It marked first slaughtering done at the plant since martial law was declared Dec. 11 in the wake of violence between United Packinghouse Workers pickets and 500 non-union workers Wilson had been using.

A federal court ruled last week that closing of the plant under the martial law edict was illegal. The union has been on strike since Nov. 3.

Negotiations seeking to resolve differences between Wilson and the union were resumed today in Chicago.

The victim was June A. David, 32-year-old mother of two boys.

Officer Clifford Smith said the woman was sucked into a fiery column that shot 250 to 300 feet high. Her incinerated body was found 30 to 40 feet from the bicycle.

The tank, laden with 1,750 gallons of fuel, fell as the plane rose from Davis-Monthan Air Force Base. Smith said it exploded on impact and spread a fiery carpet 675 feet long and 352 wide.

Even as a probe began, Air Force investigators praised the pilot for averting a greater tragedy. They said Capt. Donald R. Shilling, commander of the four-man crew, kept the fuel tank from falling in a densely populated Tucson suburb only by putting the plane into a steep bank.

GIVEN NINE YEARS
PHILADELPHIA (AP)—Joseph Stuchko, 29, was sentenced to 9 to 18 months in Holmesburg County Prison Monday after he was found guilty of manslaughter in the fatal beating of his wife.

Stuchko admitted beating his wife, Margaret, 26, during a quarrel over money on Dec. 3, 1958. She died four days after being released from a hospital December 20.

MRS. LAWRENCE PATIENT
PITTSBURGH (AP)—Gov. Lawrence's wife is undergoing a routine checkup at Woman's Hospital in Pittsburgh, says Dr. Campbell Moses, her physician.

He said Mrs. Lawrence, admitted Monday, should be out of the hospital in a few days.

Temme, O'Malley, Little Get Honorable Mention In All-State Grid Club

PHILADELPHIA (AP) — Quarterback Richie Lucas of Penn State, the state's most honored football player this year, heads the 1959 all-Pennsylvania college team dominated by the Nittany Lions and Pitt.

The all state team, announced Monday by the Associated Press, includes two of Lucas' teammates — end Norm Neff and tackle Andy Strychala.

Pitt is represented by end Mike Ditka, tackle Bill Lindner and guard Larry Vignali.

Rounding out the backfield are Fred Doelling of Penn, an All-East back; Bill Shockley of West Chester, a repeater from 1958; and Tom LaMotta of Grove City.

Lehigh's Walt Meincke, a Little All America tackle switched to guard on the all-state; and center Leo Broadhurst of Scranton, a 19-57 repeater; fill out the line.

Lucas, a triple-threat quarterback from Glassport, Pa., rewrote the record books at State, led the Nittany Lions to a 9-2 record with his outstanding running and passing. The 6-1, 185-pound senior won the Maxwell Club Trophy and was named to the AP's second team All-America. He will play pro ball for Buffalo or Washington.

Neff, 6-2, 204-pound senior from Carlisle, and Strychala, 6-3, 227-pound senior from Latrobe, bolstered a mobile State line which paved the way for backs to grind out plenty of yardage. The two were equally good on defense in helping the Nittany Lions to eight regular season victories and a Liberty Bowl triumph over Alabama.

Ditka is a speedy 6-2, 208-pound junior from Aliquippa who teamed with quarterback Ivan Tonic to make the Panthers a passing threat. His crashing defensive play also was outstanding.

Lindner of Pittsburgh came to the panthers with relatively little notice. The 6-2, 215-pound tackle turned in his best performances in the clutch.

Vignali is exceptionally fast for a 218-pound guard. The Mason-ton native is the only sophomore on the squad.

Lightning-fast Doelling, a 5-11, 173-pound senior from Valparaiso, Ind., boosted Penn to an Ivy League title and a 7-1 record. He was the Quakers' leading ground gainer.

Shockley, a hard-driving runner, has been West Chester's big gun over the past two years in which the club has lost only two games. The 5-10, 180-pound Conestoga senior was the state's top scorer this year.

LaMotta scored 62 of his team's 121 points. He's a 5-9, 185-pound senior from Mt. Lebanon.

Meincke, a 6-foot, 215-pound senior from Summit, N. J., was a center in high school and during his first two years at Lehigh but was switched to tackle to fill a big gap.

Broadhurst's line backing and sharp blocking made him a stand-out. He's a 5-11, 190-pound senior from Chester.

LARGE CROWDS AT OPENING OF EDGEWOOD

Despite poor traveling conditions, exceptionally large crowds attended the afternoon and evening programs which formally opened the Edgewood Bowling Lanes, Emmitsburg Rd., Monday.

Exhibitions by Steve Nagy, nationally known bowling professional and a member of the Brunswick advisory staff, featured the opening.

Burgess Wilbur L. Plank spoke briefly in opening the evening program and congratulated Charles Harner on providing the fine recreational center for enjoyment of this community.

Nagy rolled exhibitions during the afternoon against local bowlers but no scores were kept of those games.

In the evening Nagy bowled five additional games and lost two of those matches. He bowed to Lamar Green, Emmitsburg, 210-190, and to Bernie Harman, Gettysburg, 202-197.

His three victories were over John McKenrick, Gettysburg, 210-187; Tony Clapper, Gettysburg, 210-193, and Mrs. Horner, York, a member of the Junior Bowling Congress, 226-151.

Bowling bags, shoes, banks and cigarette lighters were awarded to many of the patrons who attended the exhibitions.

SWEDISH TEAM DEFIES AAU BAN ON TRIP

NEW YORK (AP)—It was war on the international basketball front today with the AAU right in the middle of the shooting.

A Swedish national basketball team, in defiance of an AAU ban, was scheduled to arrive here for a series of games with American colleges.

AAU Chief Dan Ferris, who has been through dozens of skirmishes in his 40-odd years with the outfit, refused to sanction the trip because, he said, a professional promoter was behind it. He identified the promoter as Jim McGreggor of Portland, Ore.

McGreggor denied he promoted the trip. Swedish basketball officials fumed and reported to the international basketball federation whose president said he could see no irregularities in the arrangements.

That's how things stood until Monday night when the Swedish team took off from Göteborg.

Before taking off, Ake Nilsson, head of the Swedish Basketball Federation, complained:

"The AAU has no right to do this. We aim to make a test case out of it. It's a personal feud between McGregor and the AAU and Ferris is penalizing both the American and Swedish players."

"I've never had anything like this happen before," admitted Ferris. "I suppose I'll be hearing from them. But the rules are clear. The entire AAU, not me alone, voted not to sanction the trip."

The series is against a group of small colleges, mostly members of the NAIA, plus a private club.

TIGER MENTOR GLOOMY TODAY

MIAMI, Fla. (AP)—If Missouri couldn't win a bowl game with the great Paul Christman, what chance do the Tigers have without him in the Orange Bowl Friday against Georgia, inquired Missouri Coach Danny Devine.

Devine had Christman on hand Monday during a light scrimmage. The passing star of the 1938-40 era chipped in to help his alma mater, giving the quarter-backs a few tips as he tossed the ball around with a semblance of his old-time skill.

It was Christman who saved Missouri from a shutout in the 1940 Orange Bowl game which Georgia Tech won 21-7.

"If Missouri couldn't win with Christman, how can we be expected to do anything Friday?" asked Devine. "That team had better personnel than this Tiger outfit."

Coach Wally Butts, obviously satisfied with the condition of his Georgia players, announced he would taper off drills today. He sent them through two brief but snappy workouts Monday.

A wet field made the Bulldogs go easy but they got in plenty of running.

GHS Opposes Alumni Quint Tonight At 7:30

Three scholastic basketball games, all scheduled tonight, comprise the thin holiday athletic program this week.

Gettysburg High (3-1) engages the Alumni this evening at 7:30. A 25-man squad has been declared eligible for the Alumni outfit which will be in charge of George Fair, Paul Ketterman Jr. and Bobby Rohrbaugh.

Fairfield High's boys and girls meet the Alumni in a twin bill, the girls' game starting at 8:45.

New Oxford, 3-1 after winning its last three starts, plays at Dover this evening.

OLD SCORES TO BE SETTLED BY MISS. AND LSU

NEW ORLEANS (AP)—It won't be only glory involved when Mississippi lines up against Louisiana State in the Sugar Bowl on New Year's Day. The Rebels have more than one football score to even with LSU and they could hardly find a better spot to settle matters.

Mississippi, ranked second in the nation behind Syracuse in the final Associated Press poll, still is smarting from the 7-3 loss to LSU last October, the only blot on the Rebels' 10-game schedule.

But even more, Mississippi hasn't beaten the Tigers since 1957, and the Rebels make no bones about this being the opportunity to make up lost ground.

Odds for the game at 1 p.m. (CST) Friday favor Mississippi by seven points, and the edge may rise in view of the growing LSU injury list. Halfbacks Johnny Robinson and Wendell Harris may see only limited service.

Harris, the Tigers' ace field goal kicker, has a broken left arm while Robinson broke his left hand in a fall last week.

Mississippi, on the other hand, reports its squad in top physical shape, and that includes starting end Johnny Brewer and senior halfback Jimmy Hall, both of whom missed the season's closer against Mississippi State because of leg injuries.

The game is expected to resolve itself into a battle between strong running games and two of the nation's top defenses. LSU ranked second nationally in total defense while Mississippi took the No. 3 spot.

CELTICS NEAR NBA RECORD

NEW YORK (AP)—A great scoring duel between Cincinnati's Jack Twyman and Philadelphia's Wilt Chamberlain is beginning to take shape, but is being overshadowed by the Boston Celtics great winning spurge.

The Celts need only to beat St. Louis Wednesday night to tie the National Basketball Assn. consecutive game winning streak at 17 after edging Minneapolis 107-104 Monday night.

Scoring statistics released today show Twyman with 1,088 points, only 47 ahead of the Philadelphia rookie who has played in six less games. Chamberlain has 1,041 for a 35.9 average in games through last Sunday.

St. Louis' Bob Pettit is third with 781, followed by Elgin Baylor of Minneapolis with 764 and Detroit's Gene Shue with 731.

Twyman and Chamberlain gave a good indication of what is to come when they faced each other Monday night and the 7 foot 1 Philadelphia center won the duel 39-35, as the Warriors defeated the Royals 109-104. Wilt also cracked St. Louis' Kiel Auditorium rebound record with 39.

In the second half of the double-header the St. Louis Hawks beat the Syracuse Nats 120-106 as Cliff Hagan and Pettit led the winners with 28 and 22 points respectively.

JACKSONVILLE, Fla. (AP) — Take the emphasis off the coaches and put it on the players, says Frank Broyles, whose Arkansas football team will meet Georgia Tech in the Gator Bowl game Saturday.

Many stories have been written about Broyles, in his first bowl game as a head coach, meeting his alma mater and his former mentor, Coach Bobby Dodd. Broyles not only played at Tech, he was an assistant coach under Dodd for six years.

SAN FRANCISCO (AP) — West Coast Coach Bill Meek of Southern Methodist and his squad will plot secretly against the East today in preparing for the Shrine East-West football game here Jan. 2.

All except those closely associated with the team will be barred from the workouts for the next two days. Meek said the West is concerned at this stage with tightening up its defense.

JOHANSSON TO BE LAZIER IN FIGHT PLANS

By DICK SODERLUND
STOCKHOLM (AP) — Now that a rematch with Floyd Patterson has been arranged, world heavyweight champ Ingemar Johansson jokingly said today he'll be even lazier in training than he was for the bout that brought him the title.

The return bout, set for June in New York at either Yankee Stadium or the Polo Grounds, was announced Monday by Edwin Ahlquist, the champion's adviser, and Roy Cohn, the New York attorney who heads a 10-man promotional group.

In an interview, Johansson said he was all set for the return, despite a little too much of his mother's cooking.

"Just before Christmas," Ingo said, "I was just over my best fighting weight, 196 pounds." He was 196 when he knocked out Patterson in the third round last June in Yankee Stadium.

Trains Same Way
Asked if he plans to train as he did for the first meeting with Patterson, Johansson said he always trains the same way.

"As lazily as you did before?" He was asked.

"This time," said Ingo with a grin, "I will be lazier."

One of Johansson's favorite subjects in speeches and at appearances is a recital of boxing writers' criticism of his seemingly lazy training methods for the first bout.

Ingemar met with Cohn and several other members of the promotional group Monday night over a smorgasbord and under TV lights.

Cohn, former counsel to the Senate investigating committee headed by the late Sen. Joseph R. McCarthy, and his associates recently bought full control of the old Rosensohn Enterprises, now the Feature Sports Inc.

Cohn said he will make a formal application to the New York State Athletic Commission for a promoting license.

Landry Signs To Coach At Dallas

DALLAS, Tex. (AP)—"The best football coach in the business," Tom Landry, defensive mentor of the New York Giants of the National Football League, Monday became a Texas coach without a squad.

Landry signed with Bedford Wynne and Clint Murchison Jr., who hope to land a National Football League franchise in Dallas, to coach their Dallas Rangers.

A native of Dallas who played with the University of Texas, Landry was also sought by Bud Adams, owner of the Houston Oilers franchise in the newly organized American Football League.

It was Jim Lee Howell, head coach of the Giants, who recently called Landry "the greatest coach in football."

OWLS CONQUER PENN STATE; TO FACE PENN

HARRISBURG (AP)—Underdog Penn, fresh from an upset victory over a taller Duquesne club, takes on top-seeded Temple tonight for the championship of the first annual Keystone Holiday Basketball Tournament at the State Farm Show Arena.

Penn State meets Duquesne in the lifeline for third place honors. Temple Coach Harry Litwack today listed regulars Ed Devery and Earl Proctor as doubtful starters.

Devery, ailing from a bad cold and chest congestion, and Proctor, who has an infected right foot, saw limited action Monday night as the Owls beat Penn State 0-50.

Cook "Terrific"
John Koskinen, who got nine points against the Nittany Lions, and Bernie Ivens, who had four, will take over for Devery and Proctor, Litwack said.

"This could affect us in the height department but I think our biggest problem will be stopping (Joe) Cook and (Bob) Mlkyv," Litwack said, adding:

"This boy Cook did a terrific job against Duquesne and Penn as a team played outstanding ball."

"Our Biggest Win"
Penn Coach Jack McCloskey was even more emphatic about his team's 71-3 victory. He said:

"This was our biggest win this year. It's surely a boost for Ivy League basketball. We've been picked to finish last in the Ivy League. We were rated the fourth team in this tournament."

The taller Duquesne club, as expected, controlled the backboards, taking 43 rebounds to Penn's 34. But the game was decided by the hot shooting of Cook, a 6-4 senior who seemed to be everywhere at once when the chips were down.

He scored 18 of his 25 points in the second half. Teammates John Canzano and Mlkyv scored 15 and 14 points respectively.

Owls Had Trained
Penn made 26 of 62 shots from outside compared to 24 of 83 for Duquesne.

Temple will count heavily tonight on All-America candidate Bill (Pockles) Kennedy, who scored 21 points—15 in the last half—against Penn State.

Kennedy's late scoring spree plus excellent rebounding by 6-4 Russ Gordon gave the Owls the game after they fell behind at the half 27-26.

Temple outrebounded State 49-34 and scored on 25 of 76 field goal tries while Penn State connected on 21 of 69.

Temple Record 7-2
Kennedy and State's Mark (The Magician) DuMars engaged in a scoring duel. DuMars got 11 of his 20 points in the first half while Kennedy was having trouble finding the range. DuMars and another first-stringer, Wally Colender, fouled out in the final minutes.

Temple's record now stands at 7-2 and Penn is 4-3. Penn State has won only one of five starts and Duquesne is 3-3.

MAT TOURNNEY IN SEMIFINALS

WILKES-BARRE, Pa. (AP) — Rochester Tech and Pitt go into tonight's semifinals of the 28th annual Wilkes College Wrestling Tournament sharing first round honors with 14 points each.

Tied for second place with 12 points are the New York Athletic Club and Hofstra College. Host Wilkes College and Waynesburg are third and fourth respectively.

There are 289 entries with over 400 wrestlers in this year's tournament, the largest ever.

In feature matches Monday night Dave Zoyhofski of Rochester pinned William Munson of Lehigh in 4:33 in the 191-pound class. His brother, Richard, decisioned Peter Stanley of Harvard 3-1 in the 167-pound class.

Larry Lockly, Pitt, last year's NCAA runner-up in the 130-pound class, defeated Francis Basilica, Hofstra.

Al Ruschatz, Army, defeated Vince Kelley of the Baltimore YMCA in the 177-pound class.

Pitt, Rochester and the New York Athletic Club each will have three men going into the semifinals tonight.

CHAMBERSBURG CAGE SQUAD LACKS HEIGHT

(Second in a series of articles on prospects of South Penn Basketball League teams)
By BOB COX
Public Opinion, Chambersburg
CHAMBERSBURG — Basketball shoes with built-in lifts are frowned on by officials but could be the answer to Coach Liowell Schlichter's problem. When his economy-size Trojans are "up" for a game they play good basketball and only size can contain them.

A case in point was the Altoona contest the Trojans lost 68 to 55. The smallest Altoona player was equal in height to the Trojans' largest, while the Altoona center towered 6-5 sans shoes and was backed by 6-4 and 6-3 forwards, yet the game was played on even terms for three quarters after the Trojans' traditional slow start.

In basketball more than any other sport, good big players are better than good little players and in this respect the Trojans are lacking. But the small-size Trojans have king-size spirits and have yet to say quit even while losing. The team likes to shoot and if the accuracy improves will make its presence felt in the South Penn Conference.

Have Scoring Punch
While losing two of the first four games played, the Trojans scored at an average of 59 points with five of the regulars accounting for an average of 52 points among themselves. Leaders in the scoring to date are Leon Rideout, 5-10 senior forward letterman, with a steady 14-point a game average.

Jim Schlichter, 5-8 senior guard letterman, follows with an average of 12 points a game. Schlichter, however, takes no back seat on the foul line. With 19 free throws under his belt, he has connected 16 times. Tom Wertz, 6-0 senior center letterman, has an average of 11 points for each effort and scored the team's high of 28 against Scotland. Mike Tolbert, 5-11 senior guard, has an average

Says Little Things In '50s Meant Most To Many People

By HAL BOYLE

NEW YORK (AP)—As the frantic 1950s draw to a fretful close the pundits look back on this decade of doubt and try to explain its meaning to us.

We have read a number of their high-sounding reviews, and listened to others. They all did a good job of turning the pages of world history—that is, for a visitor from Mars.

But they seemed to miss a lot of those small personal details that made life in the last 10 years so meaningful to the man in the street.

Little Things Count

After all, the fact that Africa erupted in revolution or the Soviet Union landed a rocket on the moon does not impress many of us so much as the fact that we became middle-aged. We remember that in 1950 we still climbed the stairs two at a time, and realize at the dawn of 1960 that we now look around for an escalator. We don't even push as hard going through a revolving door.

Here are a few other things that made the 1950s memorable too many:

At the start of the decade there were few things you could buy with a penny, and at the end of the decade there were few things you could buy with a nickel.

The younger generation grew taller, and found they were making bus seats smaller.

Big Garages Little

Man learned to copy his cave-man ancestors, and began cooking his meals in the back yard over a fire.

Woman went in for frozen foods, and learned how to start dinner with an ice pick instead of a can opener.

People built two-car garages—then started buying small cars that would fit into a doghouse.

Parents discovered it was easier to obey their children rather than to try to boss them.

Movies Went Outdoors

It became possible to send a girl through college for only slightly more than it took for her grandfather to buy a 10-room house on a five-acre lot.

Television developed Westerns in which only the horses remained free of psychopathic symptoms.

The movies went outdoors. Drive-in theaters became the country's best known romance pits.

The cigarette and the full dinner plate, symbols of pleasure in earlier eras, became symbols of doom to many. Millions began filtering their smokes, counting their calories.

Joneses Gave Up

Men went in for the pencil-slim necktie and the slender silhouette. Women climbed briefly into something called "the sack," then climbed right out again amid national laughter.

Something called rock 'n' roll took the place of music.

Everybody tried so hard to keep up with the Joneses that the Joneses couldn't stand the pace and moved to a cheaper suburb. Those were the 1950s. Remember them?

The Rev. William C. Karns, pastor, baptized three children on Sunday in St. John's Church. During the morning service he bap-

ized Lucinda Lee Cline, born September 18 at Hill Air Force Base, Utah, daughter of Donald Eugene and Joann Selby Cline. The Clines are spending some time visiting their parents and families in this vicinity. Bonnie Sue and Tina Marie Wolfe, daughters of Edward James and Mary Louise Sentez Wolfe, York, were baptized on Sunday evening. The parents were the baptismal sponsors.

C. E. Group Meets
Ruth Koons was leader at the meeting of the Christian Endeavor Society of Christ United Church of Christ on Sunday evening at the church. Evelyn Koons was pianist for the opening service and James Sterner was chorister. Nancy Koons read the Scripture; Richard J. Berwager offered prayer; Evelyn Koons played an offertory piano solo; Clyde L. Sterner discussed the topic "There's A New Year"; George D. Koons, vice president, conducted the business session. It was decided not to meet next Sunday due to the community preaching mission opening in St. Paul's Lutheran Church. The society will meet again on January 10 at 7 p.m.

Mrs. Rodney Harner will be leader at the meeting of the Missionary Society of St. Luke's United Church, near White Hall, on Wednesday at 7:30 p.m. at the church.

The 1960 officers of the Sunday School of Christ United Church of Christ were elected and installed on Sunday. The officers were erroneously listed in Monday's Times as being from Redeemer's United Church of Christ.

PIGMENT IN HEART SHOWS AGE INCREASE

By ALTON BLAKESLESS
Associated Press Science Writer
CHICAGO (AP) — Birthdays truly make your heart glow.

The older you get, the more your heart will actually shine or fluoresce if exposed to ultraviolet or black light.

It shines more because more "age pigment" accumulates in living cells of the heart. This pigment is a strange and perhaps very significant fact in the puzzle of why and how we grow old and die.

Orange Light Noted

The pigment shines with a kind of orange light when the heart is inspected with ultraviolet light.

The age pigment concentrating in human hearts, nerves, brains and muscles is being investigated for clues to aging.

The story is told in an exhibit today to the American Assn. for the Advancement of Science.

Children up to about age 10 apparently have none of the age pigments in their hearts, autopsy studies show.

Increases By Age

But the amount increases in proportion to age thereafter, scientists of the gerontology branch, National Heart Institute, and Bal-

Food Poisoning Kills Two Sunday

DETROIT (AP) — Two women died and 25 persons, including eight children, were stricken ill with food poisoning in Detroit Sunday.

The dead were Anna Kahanak, 61, and Isabella Tait, 79.

Nineteen were admitted to hospitals, and six were treated and released.

Detective Sgt. Dave Harris of the Homicide Bureau said there was no reason for general alarm.

"There was no connection between the scattered attacks," Harris said. "In each case the trouble seemed to stem from food that had spoiled or that hadn't been properly prepared."

HEART ATTACK KILLS P. E. FOX

DALLAS, Tex. (AP) — Phillip E. Fox, a spectacular and at times sensational figure in the public affairs of both Texas and Georgia, is dead at 72.

Fox was active with Dr. Hiram Wesley Evans in a struggle for control of the old Ku Klux Klan in the early 20s. In what was described as a bitter personal feud, he walked into the Atlanta, Ga., office of Capt. William Coburn, also a Klan leader, and fatally shot him.

Fox received a life sentence and served nine years in prison at Milledgeville, Ga., before Eugene Talmadge, then governor, paroled him in 1933. A year later he received a full citizenship pardon from Gov. E. D. Rivers.

Soon afterward Fox returned to Dallas where earlier he had been managing editor of the Dallas Times-Herald. He formed a public relations firm and took part in many heated Texas political campaigns, including those of W. Lee O'Daniel, for U.S. senator and Alan Shivers and the late Beauford Jester for governor.

Fox died Sunday night of a heart attack.

timore city hospitals find.

In persons of advanced age, perhaps 20 per cent of the heart is made up of the age pigment, which is relatively inactive and seemingly useless.

But it is replacing some of the contractile tissue of the heart cells. A big question is whether this is connected with the higher death rates that come with age.

Where the pigment comes from and why are also still unknown. It doesn't seem to be correlated with heart failure, or any particular disease.

10 HURT WHEN TRAIN SLIDES INTO SOUND

SEATTLE, Wash. (AP) — Two massive earth slides in the space of 20 minutes pushed part of a crack 13-car passenger train into Puget Sound 12 miles north of here Sunday.

Ten persons—six of them crew members—were injured, none seriously.

The Great Northern Railway's Empire Builder, bound for Chicago with 18 passengers aboard, was about 30 minutes out of Seattle when the first slide struck. It derailed a four-unit diesel locomotive.

Twenty minutes later, with help already on the scene, another slide again slammed into the diesel units.

Narrow Escapes
It carried the diesel units and a baggage-mail car out into the Sound. A mail-dormitory car was left teetering on a seawall.

Strung out along the tracks were six other cars, all derailed but still standing upright. Four pullman cars and a diner stayed on the tracks.

Coast Guard vessels based here had reached the scene before the second slide struck. Four train crew members ran for their lives and managed to scramble into a Coast Guard boat only seconds before the earth, mud and debris rumbled across the tracks.

About 700 feet of track was covered with debris up to 15 feet deep. Some 650 feet of track was ripped up. There was no immediate estimate of damage.

MORE BEEF CATTLE

ITHACA, N.Y. (AP)—The numbers of beef cattle in the United States increased 56 per cent, or more than nine million head, since the end of World War II, according to Herrell F. de Graff, Cornell University professor who directed the survey. He credited improved blood lines and feeding practices.

HEPBURN AND STEWART

NEW YORK (AP) — Movie critics polled by a film industry newspaper have picked Audrey Hepburn and James Stewart as the top stars of 1959. Polled by the Film Daily, the critics selected Miss Hepburn for her role in "The Nun's Story" and Stewart for his role in "Anatomy of a Murder."

EISENSTADT, Austria (AP) — Four Hungarians, including two frontier guards, fled to Austria for political asylum over the Christmas weekend.

It was the biggest "leakage" through the Communist-fortified frontier in months, Austrian border police here said.

Harris farm home on Dutton Mill road near this Chester County town.

Mrs. Harris was taken to Bryn Mawr Hospital.

Explains Incidents

William Tarr, Willistown township police chief, said Harris and his wife, Mary, had returned home after visiting friends, and that she went into the bedroom and locked the door. Harris got the pistol to shoot off the lock. One of the four shots ricocheted off a table and hit Mrs. Harris. She cried out that she was hurt.

Tarr said Harris then went to his own bedroom, across the hall on the second floor, and shot himself in the right temple.

Tarr reported that Harris had been despondent for about two years. First, Harris lost some valuable paintings in a fire, then his business failed. He had been married three times.

WASHINGTON (AP)—Djahangir Boushehri and the former Elizabeth Ickes, married in both Episcopal and Moslem ceremonies, honeymooned in New York today before leaving for Europe and Iran.

The 18-year-old bride is the daughter of the late Harold L. Ickes, secretary of interior under Presidents Roosevelt and Truman for 14 years.

GERMAN YOUTH FACES CHARGES

NEW YORK (AP) — The husky blond son of a German army captain serving in this country has been charged with trying to rape a Brooklyn policeman's wife.

The youth, Helmut Mainardy, 19, was arrested in Brooklyn Sunday after a battle with police.

Detectives said the police officer's wife, Joan Sandel, 31, had just entered the foyer of their apartment while her husband Earl, 35, parked their car.

Mrs. Sandel said Mainardy followed her in, seized her, and tried to kiss her. She screamed, fought and shouted that her husband was a cop. The youth fled and Mrs. Sandel ran outside to her husband.

Together, the Sandels cruised the neighborhood in their car until they found Mainardy walking along. The teen-ager tried to break away. Mrs. Sandel phoned other police, who helped Sandel subdue the youth.

The boy's father, Capt. George Mainardy, who is attached to the North Atlantic Treaty Organization in Washington, said his son had never been in trouble.

Says Liberty Castro Promised Remains Far Away As Elections Cubans Expected

By HAROLD K. MILKS
HAVANA (AP) — In the year since Fidel Castro and his bearded followers marched out of the hills his military revolt has changed into a leftist tinged social revolution.

And no matter how popular—or unpopular — it may be here or abroad his regime has dug so deeply into every phase of Cuban life that even his most severe critics admit Castro may be around a long time.

The liberty he promised in a triumph procession into Havana remains far away as do the national elections Cubans expected after the 26th of July Movement toppled Fulgencio Batista's reign. Many here believe elections and a restoration of civil liberties are farther away today than when Castro took over last January.

Still Most Popular
Looking back over a year of promises, Fidel Castro is still Cuba's most popular public figure. He may at the same time be its most hated.

A nationalistic movement with a distinct and steadily increasing trend toward the left, the Castro movement has split Cuba and Cubans.

He has lost thousands of his original supporters, many of them bitterly disillusioned by appeals to class hatred and his attacks on the United States and its policies. Probably he has gained many new ones, too, but on balance Fidel Castro lost ground during 1959.

Promised Free Elections
In January he promised Cuba free elections as soon as a ground-work of unfettered political parties could be reestablished.

Today his own 26th of July Movement is the only political party functioning freely throughout Cuba, aside from the Cuban Communist Party (Partido Socialista Popular). Others, including parties which fought against Batista during the revolution, have been virtually driven underground by threats that "those who are not 100 per cent with Castro are against him."

His regime has sent more than 50 persons to firing squads, mostly on charges of terroristic activities under Batista. Castro has all the power of an old-fashioned dictator. And that power is backed in the old-fashioned way,

with Cuba's armed forces, and national police plus a new "people's army" of workers, peasants, and students loyal to Castro.

Conservative balance within the government has been driven out, either into exile, into well guarded obscurity, or into a Cuban political prison.

Those who are left foster and direct a program of social, economic, and agricultural reform.

This began in the Sierra Maestra hills where Castro convened his original cabinet last May to sign a drastic land reform program which in turn created an Institute of Agrarian Reform rapidly becoming more powerful than the Cuban government itself.

Controls Two Million Acres
With an announced goal of breaking up all large land holdings by expropriation and dividing the land among the landless peasants, this institute has moved steadily into many phases of Cuban public life.

Today it controls over two million acres of farmland and ranchland seized from Cuban and American owners, has created 500 state-directed rural cooperatives and opened more than 400 "people's stores."

As Castro's social and economic reforms reached the point of no return, a massive "hate America" campaign developed with Castro as its top director.

Blast U.S.
Many said Fidel needed such a campaign to keep himself before the masses. Regardless of the reason, he and his followers blasted the United States for everything wrong in Cuba.

The result was a sharp cooling off of relations between those two normally close neighbors, and an equally sharp decline in American tourism which normally represents one of Cuba's biggest dollar earners.

As a guess, Fidel retains the loyal support of perhaps 60 per cent of all Cubans—most of them from the lower end of the nation's economic and social scale.

Don't Want Batista
Of the remaining 40 per cent, most oppose Castro, hope for a change here but bitterly resist any move to restore Batista or one of his followers.

But with all this, there has been a change in official morality.

Corruption and government have for decades been almost synonymous in Cuba but even Castro's critics say his administration has been remarkably free from graft.

SEYMOUR, Ind. (AP) — Ralph R. Green, 37, sports editor of the Seymour Tribune, died Monday after a long illness. He was born in Seymour.

BURLINGTON, Iowa (AP) — Justus Edward Scholtzauer, 57, veteran circus press agent and once circus editor of Billboard magazine, died Monday of a heart ailment. He had been publicity director of the Pollack Bros. Circus of Chicago for the last 11 years.

File Damage Suit For Mine Flooding

WILKES-BARRE, Pa. (AP) — The Lehigh Valley Coal Co. has filed a suit in Luzerne County Court against the Pennsylvania and Knox Coal Cos., asking damages in the loss of its Prospect-Henry and Dorrence Mines.

The suit file Monday charged Knox and its parent firm, Pennsylvania Coal, were negligent when the Susquehanna River broke into the Knox River slope mine on January 22. Twelve miners were killed in the flood.

Lehigh valley said it lost the use of its two mines and considerable equipment when the river flooded miles of inter-connecting tunnels after breaking through the Knox Mine.

The suit asked for compensatory damages of over \$5,000 and an exemplary or punitive damages of \$5,000 against each defendant.

Carlisle Teacher Will Head PSEA

HARRISBURG (AP) — The election of Mrs. Bertha P. Boyd, Cumberland County elementary teacher, as president of the Pennsylvania State Education Assn. for 1960 was assured today.

Mrs. Boyd, of Carlisle, was nominated Monday at the opening meeting of the PSEA's 107th annual convention to succeed A. N. Addelman of Pittsburgh in the top post.

Mrs. Boyd has served most of her 23 years as a teacher, at the South Middleboro Twp. School in Boiling Springs, where she teaches the sixth grade.

She graduated from Shippensburg State Teachers College and did post graduate work at Pennsylvania State and Bowling Green Universities.

PLAN SHORT SESSION

HARRISBURG (AP) — Majority caucuses in both houses will be asked to set a March 2 date for final adjournment of the 1960 Legislature, House Democratic floor leader Stephen McCann said Monday.

"The party is in general agreement that the 1960 session will be a short one, and a resolution calling for sine die (final) adjournment March 2 will be presented to our caucus next Monday," McCann said.

ASK HELP ON SOLUTION OF SNIPER CASE

PAINESVILLE, Ohio (AP) — Lake County's sheriff, admittedly baffled, asked outside crime experts today to help solve the Christmas Eve sniper slaying of Charles R. Clark in nearby Mentor.

Sheriff William B. Evans said he would release from custody today Floyd E. Hargrove who had in turn denied, admitted and then again denied firing the fatal shot.

Decide He Lied
A polygraph test Monday indicated Hargrove, 35, a truck driver, had lied when he admitted Saturday and again Sunday that

he killed the husband of the woman with whom he carried on an eight-month love affair.

Evans asked the state to send its mobile crime laboratory to Mentor. He also wants Cleveland police experts to examine the lead slug that pierced Clark's right temple.

It was the failure of skin divers to find the rifle with which Hargrove said he fired that slug that cast doubt on his profession of guilt.

"Love Her Deeply"
Hargrove, divorced father of five, said he decided after a 16-minute meeting at the jail Saturday with Lois Clark that he "could spare her and her family any further investigation and suffering by confessing."

"I love her deeply. I'm worried for her welfare," he explained. Mrs. Clark, a beautiful brunette of 30 who was a model in Florida where she met and married

Clark at 16, has admitted sex relations with six men besides Hargrove, Sheriff Evans said. Three of these men were absolved by polygraph tests Monday, the sheriff said.

Funeral Monday
Clark, 35, a \$10,000-a-year electrical engineer, was buried Monday after services in the Mentor Methodist church where he was Sunday School superintendent. His wife said he never knew of her relations with other men.

Evans said he planned to question Mrs. Clark today "without the lie box" but may use it "if she's calmed down enough." She has been under sedation much of the time since the slaying.

Mrs. Clark has told the sheriff that she went to Cleveland on Dec. 24 to buy two corduroy shirts as a gift for her husband. She said she was in another room with three of the Clarks' four children, trimming the Christmas tree when

Deaths

By THE ASSOCIATED PRESS
DALLAS, Tex. (AP) — William Washington Klingman, 79, who was associated with the Equitable Life Assurance Society of the U.S. since 1913, died Monday. He was general manager for Texas from 1938 until his retirement in 1947. He had been a director since 1949.

NEW YORK (AP) — Peter P. Tatanis, 70, founder and former publisher of the Greek language newspaper National Herald, died Monday. He was born in Greece, came to the United States in 1905, and founded the daily paper in 1914. He retired as publisher in 1938.

Don Newcombe led the Cincinnati pitchers in strikeouts with 101 during the 1959 season.

BITUMINOUS COAL OUTPUT TO RISE IN '60

By JOHN KOENIG JR.
Associated Press Special Service
WASHINGTON (AP) — The National Coal Assn. predicts Pennsylvania's production of bituminous coal should increase in 1960.

The association, in forecasting that national production will reach 436 million tons next year, said if Pennsylvania produces the same proportion of the national output as it has in the last year or two, its total will be estimated 71,634,000 tons.

Pennsylvania production in 1958—67,771,000 tons—reached its lowest ebb since 1896 when only 65,165,133 tons was mined.

Steel Strike Hurt

This year, with the steel strike reducing the demand for bituminous even more, Pennsylvania's rate of production is down from last year.

As of Nov. 28, only 59,154,000 tons of bituminous had been mined in Pennsylvania compared to 60,900,000 tons for the same period in 1958.

Through the first eight months of 1959 Pennsylvania's rate of increase in bituminous production
